Medicom

The Reliable and Cost
Effective Nurse Call Solution

- Minimal maintenance
- Easy to use, to configure and manage
- Flexible and scalable design
- Wireless phone and pager integration

Medicom

The reliable and cost effective Nurse Call Solution

Medicom is a reliable and cost effective Nurse Call Solution for those who like to keep things simple. The Medicom system, enables nurses and care givers to provide prompt and effective response to patients and residents' calls at all times. Built using solid and reliable technology and software, highly configurable, Medicom incorporates a comprehensive and flexible range of call types, priority levels, alarm handling and call indication options that can be tailored to meet the needs of any healthcare facility.

How can Medicom help your healthcare facility?

Simplicity

Medicom is easy to learn, to configure and manage. Allowing healthcare personnel to focus on patient care.

Flexible and Scalable Design

Medicom's components are all designed with modular connectors for easy installation and future expansion.

Improve Infection Control

Medicom devices are manufactured with anti-bacterial additives for improved infection control, helping drive down Healthcare Acquired Infections (HAI).

Wireless Integration

Wireless telephone and pager integration allow nurses total mobility, with instant communication with patients or other staff.

Integrations

Medicom hosts a compatible interface to existing Nurse Call System, paging or telephone systems, fire alarms and smoke detection, which makes Medicom a highly flexible and cost-effective solution.
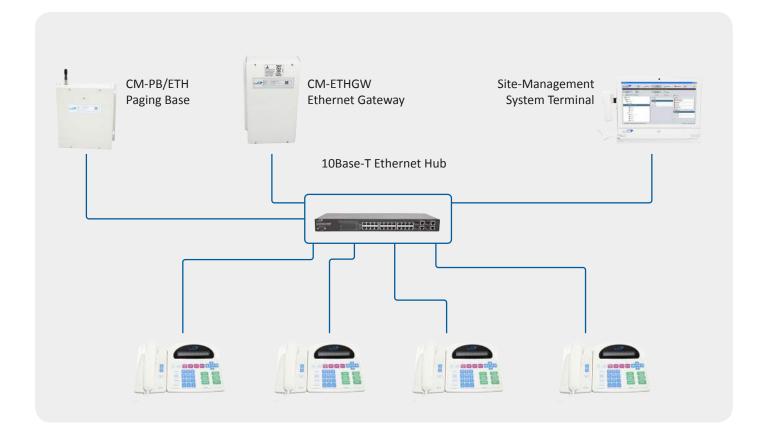

Automatic Fault Detection and Notification

Medicom continuously checks the functionality of each device and immediately notifies maintenance staff if any problem is detected.

Audit Trail

Nurse stations may be networked for centralised paging, alarm logging and reporting of events hosting a complete audit trail.
